Chief, Division of Hepatobiliary and Pancreatic Surgery, Department of Surgery

Council member of the Hong Kong Society of Hepatobiliary and

Tan To Cheung, MBBS, MD, MS, FRCS(Ed), FCSHK, FHKAM, is the Chief of the Division of Hepatobiliary and Pancreatic Surgery within the Department of Surgery, Queen Mary Hospital, the University of Hong Kong, and a Council member of the Hong Kong Society of Hepatobiliary and Pancreatic Surgery. He is also Associate Professor of Surgery at the University of Hong Kong.

Dr. Cheung received his medical degree from the University of Hong Kong. After graduation, Dr. Cheung started his career as surgeon at Queen Mary Hospital. With his interest in complicated liver surgery and liver transplantation, he became a staff member of the Division of Hepatobiliary and Pancreatic Surgery in 2006.

Dr. Cheung is one of the leading experts in laparoscopic liver resection in Hong Kong. He has performed more than 300 pure laparoscopic liver hepatectomies in Hong Kong. He published the results of laparoscopic hepatectomies at Queen Mary Hospital in various journals, including *Annals of Surgery* and *World Journal of Surgery*.

He is keen on new procedure development and is an active researcher in the fields of liver transplant, complicated liver surgery, ALPPS, minimally invasive surgery for liver cancer, and the role of dual tracer PET CT in the diagnosis of HCC. Dr. Cheung has obtained his doctoral degree (Master of Surgery, HKU) with research on the treatment of HCC in liver cirrhosis. He is the world's leading expert in the area of high intensity focused ultrasound (HIFU) therapy for HCC. He performed the first HIFU treatment as a bridging therapy for liver transplant in the world.

Dr. Cheung was a recipient of the GB Ong Travelling Fellowship Award. He has won many other awards including travelling awards, Best Oral Presentation awards, Best
